

Make the switch...it's easy!

1. Open your new Members First Credit Union account. You can print the application off the website or come in and fill one out in our office! (Please note: if you will be opening your account via mail, your signature needs to be notarized.)
2. Stop using your old checking account. Stop writing checks and using your debit card, but make sure to leave funds to cover any outstanding transactions. Destroy any unused checks, deposit slips, or debit cards, or bring them into the credit union and we'll destroy them for you!
3. Switch over all direct deposits, automatic withdrawals, and payments. Take a look at your old statements to make sure you don't miss anything. Contact us if you need any information or help doing this.
4. Close out your old checking account once you are sure all activity has cleared.

It's as easy as that! We are here to help make the transition easy. Call us at 608-271-5301 or stop in and we will be happy to help!

Mailing your application? Please send it to:

Members First Credit Union
3401 W Beltline Hwy
Madison, WI 53713

Once your application is received, we will open your new account. There is a minimum \$25 deposit to open the account. You will receive your membership card with your account number and other valuable information via US Mail shortly after. All accounts are NCUA insured up to \$250,000.00. If you have any questions, please call us at 608-271-5301 from 8:00 a.m. – 5:00 p.m. CST or e-mail us at info@mbr1cu.org.
