## Hoping to make your finances stronger than ever this year? The 52-Week Savings Challenge can help you get your savings in shape!

Here's a fun and simple way to save over \$1,000 this year.

The beginning of the year is a great time to make personal savings goals. The 52 week challenge is simple to start and will provide a healthy sum if progressed all the way through. Keep in mind, you can start this challenge at any point in the year. Here's how it works: start by saving \$1 the first week of the challenge. On week two, save \$2. On week 3, put away \$3 and so on until you reach a savings amount of \$52 on week 52.

By completing the year-long challenge, you will have saved a total of **\$1,378**.

What's the easiest way to transfer money to my savings each week? Members First Online and Mobile Branches allow you to easily transfer funds between your deposit accounts. Once you're in online banking, click Transfers to move your money from one account to another.
